PROFILE SUMMARY

14.4 YEARS full-stack experience in multiple technologies across many domains. Good programming skills in backend. SME in frontend technologies. Skilled with multiple languages: **Java**, **JavaScript**, **TypeScript**, **Python**, **PHP**.

CAPABILITIES

- ❑ **MEAN**/ **MERN**/ **MEVN** *full-stack front-end architect and programming individual roles* for **RDBMS**: Oracle, MySQL, **NoSQL**: MongoDB, Redis, Elasticsearch, Cassandra, Neo4j, Cloud: **AWS**, **PCF**, NGINX, CentOS, Red Hat.
- ❑ **Java** and **Python** full-stack senior programming roles.
- ❑ LAMP (**PHP**) full-stack architecture, individual contributor and individual responsibility roles.
- ❑ Trainer for internal and external hands-on technical trainings.
- ❑ *Agile scrum leader and RM role* for a team of 10, unblocking and mentoring experienced and fresher graduates.
- ❑ Keen eye for detail, diverse experience, delivering quality work in rigid timelines. Committed to work ethics with exceptional problem-solving skills. Professional in work and neutral to workplace politics.

RESEARCH INTEREST

Highly interested in data representation, data problems, data processing, computing platforms, machine intelligence systems, cloud and distributed systems.

EDUCATION

2000-04: **BE (IT)** full-time from Bansal Institute of Science and Technology, **RGPV University**, Bhopal (MP)

2008-13: **MBA (Finance)** *Distance Learning* from ICFAI Bengaluru, **ICFAI Tripura** university

2018-19: MTech (Software Systems) *WILP not graduated* from BITS Pilani

1999-00: Higher Secondary School Certificate (HSSC) from **St. Francis Convent HSS**, Raisen (MP)

1996-97: High School Certificate (HSC) from **St. Francis Convent HSS**, Raisen (MP)

EMPLOYMENT

SEP.2019 to Present: **Principal Software Engineer – IT** with Dell International Services, Benglauru

DEC.2016 to JUL.2019: **Software Consulting Engineer** with Cisco India, Bengaluru

APR.2011 to DEC.2016: **Senior Technical Lead** with HCL Technologies, Bengaluru

JUL.2010 to JAN.2011: **Senior Software Engineer** with TLI Software, Bengaluru

DEC.2009 to MAR.2010: Senior Software Engineer with Magna Infotech for Goldman Sachs, Bengaluru

AUG.2008 to JUN.2009: **Senior Engineer** with Goodrich (UTC Collins Aerospace), Bengaluru

AUG.2007 to AUG.2008: **Senior Developer** with Aztecsoft (Mindtree) for Yahoo SDC, Bengaluru

DEC.2006 to AUG.2007: **Senior Programmer** with Ninestars Information Technologies, Bengaluru

AUG.2006 to NOV.2006: Consultant with RLink Consulting for MphasiS Global Village, Bengaluru

PROJECTS

2019/9-2020/6: **Portal Applications** for Oracle BRM product with **Dell Technologies, EGL, Bengaluru**:
IC role for architecture and development of Angular and React applications using Node.js as middleware, NGINX as HTTP server, Oracle RDBMS. Deployment in PCF infrastructure. Important portals, I worked for: 1. BOP: Business Operations Portal, 2. BRM Monitor.
Technologies: Node.js, Angular CLI, TS, Vue.js, React, RxJS, Redux, Microservices, JavaScript, MongoDB, Oracle DBMS, Elasticsearch, Google Charts, D3.js, NGINX, Python, PCF (Pivotal Cloud Foundry).

2016/12-2019/7: **NSO Portals** (Network Services Orchestrator) with **Cisco India, Cessna, Bengaluru**:
IC role for development of UI/UX/CX portals, ***build, lead, mentor and unblock portal team at local office***. Solution delivery to clients: **AT&T, Barclays PLC, Vodacom, Telstra**. Travels to Richardson, Texas (TX) USA, Atlanta, Georgia (GA) USA, Visa stamped for Australia (AUS). Participated in HLD, effort estimates and bid projects.
Technologies: MEAN.JS, Node.js, MongoDB cluster, Redis, TypeScript, JS, Java, Python, HTML5, CSS3, Tail-f NSO, NFV, Docker, AWS EC2, RDS, Itential Pronghorn, Microservices, Angular JS, Angular CLI, RxJS, jQuery, D3.js, Google Charts, Google Maps, Jasmine, Karma
